REFLECTING REALITY #2

e-Magazine | May 2020

Principal's Message

“I am really proud of my team and their resiliency right now. They are doing a totally different type of profile that they haven't been taught to do before. And I'm just too proud of them contenting to encourage our kids and they are engaging our students with quality work, and they are doing it with a positive attitude.”

“ Thank You” would be the least I can say for my team , as they have to navigate a new way of practice very quickly.

Message to students

“Study at home, love and help parents & stay safe“

(Principal)

TRANSFORMATION

Technology will not replace great teachers. But the technology in the hands of great teachers can be transformational.

MVM family celebrating the success of euphoric towards the digital learning. Our combined effort is evidence for the learning culture of transformation in COVID 19

Paperless Progress Monitor

Save Time! & Go Paperless!

When teachers are cognizant of a student's state, they can associate what learning needs to be shifted to with the view of ameliorating the students. Hence MVM flip-flapped to **GOOGLE FORMS**, a new assessment pattern as it acquiesces to incorporate multiple media types like videos and pictures.

The image displays four screenshots of Google Forms used for assessment, illustrating various question types and media integration:

- Screenshot 1:** A form with an instruction: "Instruction: Google form is case sensitive. So type all your answers in small letters." followed by a question: "1. Unscramble the word and Match the following: *". The question includes a table with words and options to match them.
- Screenshot 2:** A form with a question: "2. 'कान खाना' मुहावरे का अर्थ लिखिए: *". The question includes three radio button options.
- Screenshot 3:** A form with a question: "3. 'कुपुत्र' शब्द से उपसर्ग और मूल शब्द को अलग करे: *". The question includes three radio button options. Below the question are three images: a green and red chili, a pile of green peas, and a purple and black radish.
- Screenshot 4:** A form with a question: "3. Match the correct order in the process of paddy. *". The question includes a video of a paddy field and a table with steps and checkboxes.

Girls - White Full Sleeve Shirt- Full Pant And Full Coat

The Red Curtain established in 2012, our vision is to provide students with holistic creative learning programs that have potential to help improve student's confidence, critical thinking, communication and encourage focus and discipline.

It has been proven that people involved in performing arts are better at engaging their social and academic skills. As such, it is vital to get children involved in performing arts at an early stage to equip them for important life and career skills.

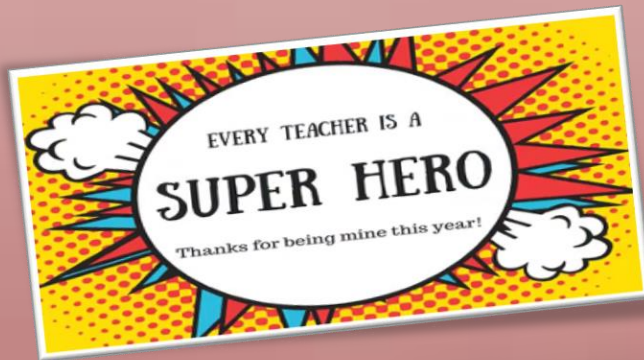

We at "**The Red Curtain**" offer a wide variety of programs, to nurture the individualist talent. We combine Performing arts, Literary activities and Fitness, as one of its own kind where kids are flourished with invaluable knowledge in the curriculum.

ACTIVITIES TO EXPLORE

- ❖ Art and craft
- ❖ Literary club
- ❖ Fitness
- ❖ Dance and music: workshops pertaining to international styles of dance and music would be conducted by professionals. Students would be given ample opportunities to exhibit their talents within school as well as participate in interschool competitions.

- A Teacher is-
T-Thoughtful
E-Energetic
A-Amazing
C- Caring
H-Helpful
E-Enthusiastic
R-Responsible

A teacher takes a Hand, opens a Mind and touches a Heart. Everyday you greet your students with a smile upon your face. Money is not your motivation, it's the love for what you do. To you each child is unique and special, a beautiful little gem. Each day you are in your classroom reminds you why you are there. Making differences in children's lives with whom your heart you share. There is a special pride in teachers, and a love for what you do. And appreciation is always shared between those little lives and you. The way you teach, the knowledge you share, he care you take, the love you give ... Makes you " The World's Best Teacher's "

"We just want to thank everybody for all they do for us as teachers and letting us know that they care about us and we're important, and send the love back to us and those who work in education. Because we all need that love today and every day,"

- By MVM Family

RIDDLES

1) I am a 3 digit number. My second digit is 4 times bigger than the 3rd digit
My first digit is 3 less than my second digit. Who am I?

Answer :141

2) where do fish keep their money?

Answer : In the River Bank.

3) Suppose $1 + 9 + 8 = 1$, Then
What can be $2 + 8 + 9$?

Answer : 10

(consider the first letter of the spelling of each digit.

One + Nine + Eight = One

Similarly Two + Eight + Nine = Ten)

Think of a **number**.
Double it.
Add ten.
Half it.
Take
away the number you
started with.
Your number is

5
